

# SDS for Moisture Cream

Safety Data Sheet (SDS) date= 26/03/2025

---

## Section 1: Identification of Product and Supplier

**Product Name:** Moisture Cream

**Product Number:** 5060233380978

**Brand:** Naturallythinking

**Supplier:**

**UK:** Naturallythinking, Unit 2 Mill Lane Trading Estate, Mill Lane, Croydon, CR0=4AA

**EU:** NTEU Ltd (HE 426545), Nikis 1, Anthoupoli, 2350, Nicos=a, Cyprus

**Contact Telephone:** 020 38563588

**Contact Email:** support@naturallythinking.eu

## Section 2: Hazards IDENTIFICATION

These products when used as instructed are safe and pose no short=or long term health hazards.

Incorrect or abnormal use i.e.: ingesting may require medical attention.

EYE CONTACT<=p>	May cause eye irritation.
SKIN CONTACT	Not irritant un=er normal conditions.
INHALATION	Not applicable.
INGESTION	<=>May cause upset stomach.

## Section 3: Composition and information on Ingredients

**Inci:** Aqua (Water), Caprylic / capric triglyceride (Light coconut) oil, Vitis vin=fera (Grapeseed) seed oil, Glyceryl stearate S/E, Glyceryl stearate, Peg 1=0 stearate, Glycerine (Veg), Cetyl alcohol, Stearic acid, Glyceryl stearat=, Tocopheryl acetate (Vitamin E), Phenoxyethanol, Ethylhexylglycerin 1

## **Section 4: First aid measures**

**EYE CONTACT:** Flush eyes thoroughly with potable water for 15 minutes. Do not rub eyes.

**SKIN CONTACT:** Rinse off with water.

**INHALATION:** Unlikely to inhale any harmful vapour from this product.

**INGESTION:** Wash mouth with water, don't induce vomiting. Seek medical advice immediately.

## **Section 5: Fire - Fighting measures**

Flash Point N/E

Recommended extinguishing media: Use CO<sub>2</sub>, dry powder or foam type extinguishers.

Special Fire Fighting Procedures: Wear positive pressure self-contained breathing apparatus & protective clothing.

Unusual Fire Explosion Hazards: not known

Hazardous Products Formed by Fire: Avoid vapour inhalation.

## **Section 6: Accidental release measures**

No special requirements. Rinse up with detergent solution. Mop up or wipe up with towel.

It may cause slippery surfaces – exercise caution.

These products when used as instructed are safe and pose no short or long term health hazards.

Incorrect or abnormal use i.e.: ingestion may require medical attention.

EYE CONTACT	May cause eye irritation.
SKIN CONTACT	Not irritant under normal conditions.
INHALATION	Not applicable.
INGESTION	May cause upset stomach.

## Section 7: Handling and Storage

**Handling:** No special handling techniques required.

**Storage:** Keep out of reach of children. Store at cool dry place, keep from extreme heat, freezing and sunlight.

## Section 8: Exposure controls and personal protection

No special personal protection equipment required.

## Section 9: Physical data and chemical properties

**Reactivity** It presents no significant reactivity hazard by itself or with contact with water. Avoid strong acid, alkali or oxidising agents.

**Decomposition** Liable to cause smoke and toxic fumes during combustion. Carbon monoxide, carbon dioxide and other unidentified organic compounds may be formed

**Flash Point:**  $\geq 00^{\circ}\text{C}$

**Appearance:** Viscous cream

**Odour:** Characteristic, low

**pH:** 5.5-6

**Specific Gravity:** 4000 ppm+

**VOC Content:**  $>1$

## Section 10: Stability & Reactivity

The product is stable non-reactive. Avoid strong oxidising agents.

## Section 11: Toxicological Information

No acute or chronic toxic effects when used as directed.

No toxicological data available

## **Section 12: Ecological information**

No ecological hazards are associated with this product. It is biodegradable.

## **Section 13: Disposal considerations**

Dispose of according to local and national regulations.

## **Section 14: Transport information**

Non Hazardous / Non-flammable - No shipping restrictions

## **Section 15: Regulatory information**

The ingredients are legally permitted as per EU Directive 88/379/EEC, 76/768/EEC and its amendments. According to Regulation EC N° 1223/2009 of the European Parliament and the Council of 30 November 2009 on cosmetic products (Official Journal L 342, 22 December 2009, pp. 59-229) the product is safe for human health when used under normal or reasonably foreseeable conditions of use.

## **Section 16: Other information**

### **Declaration of Allergens**

The customer should satisfy themselves that the product is suitable for the intended purpose, and that a suitable and sufficient assessment of any risks created by any activity using this product is undertaken before use.

The information above is based upon our current state of knowledge about the product at the time of publication. The data is given in good faith and is designed only as guidance to users of possible risks. This safety sheet cannot cover all possible situations which the user may experience during processing. We do not assume any responsibility and expressly disclaim any liability for any use of this product.

This MSDS does not constitute a legal document, nor does it substitute the requirement for a CPSR under EU Regulations for any white labelling or modification to this product, and / or where the product is not subsequently sold under the Naturallythinking brand name in the original packaging provided.

CPNP 1712807

DEC 2021 CPNP Reference: 3841957

**GMO Declaration**

We declare that at present all our registered and commercially available ingredients, extracts, oils, plants and skincare products are derived by traditional plant breeding methods. We do not have any ingredient, extract, oil or skincare product from genetically modified material

To the best of our knowledge, the information contained in the sheet is correct. However, we cannot accept responsibility for any consequences from its use.

### **Animal Testing Declaration**

**UK:** As set out under the conditions in Schedule 34 - Amendment of Regulation (EC) No 1223/2009 and related amendments of The Product Safety and Metrology etc. (Amendment etc.) (EU Exit) Regulations 2019 neither the cosmetic nor its component product has been tested on animal purposes

**EU:** As set out in under the conditions in 1223/2009. Art. 15 Nr. Parliament and the Council of the EU 952/2013 neither the cosmetic nor its component product has been tested on animal purposes

WE DO NOT TEST ANY OF OUR PRODUCTS ON ANIMALS AND NEVER HAVE, WE PREFER TO RELY ON OUR KNOWLEDGE OF ESSENTIAL OILS, INGREDIENTS, PLANTS, FLOWERS AND ESTABLISHED TECHNICAL INFORMATION AND PROFESSIONALS TO ENSURE EFFECTIVE AND SAFE PRODUCTS.

We believe there is already a “safe” and known group of product ingredients used in the cosmetics industry which leave enough scope to be creative and innovative in product formulation without the need for anymore animal testing on new experimental ingredients.

Our suppliers each also agree to not to carry out animal testing on the products and ingredients we purchase. We have a self-imposed cut-off date of 2006 (this was the date our cosmetic formulations came into being) although in reality our suppliers normally have animal testing dates far in excess of this or have never tested at all.

We do not conduct any form of animal testing.

We do not commission any form of animal testing from a third party.

We operate a fixed cut-off date for animal testing and ingredients, which means we will not use any ingredient that has been tested or retested on animals for cosmetics purposes since January 1, 2006

If we find that a company is involved in animal testing in anyway that purchases from us, then we will cease supply immediately. It is a term and condition that by purchasing from Naturallythinking you will not involve yourself or your company in any form of Animal Testing, any violation of this will be dealt with as per any violation of our terms and conditions

### **Relevant Cosmetic Legislation**

This product is classed as a cosmetic product. This product is subject to governance in the regions it is sold.

**UK: Schedule 34 - Amendment of Regulation (EC) No 1223/2009 and related amendments of The Product Safety and Metrology etc. (Amendment etc.) (EU Exit) Regulations 2019**

The product complies with the Schedule 34 - Amendment of Regulation (EC) No 1223/2009 and related amendments of The Product Safety and Metrology etc. (Amendment etc.) (EU Exit) Regulations 2019 and is safe for human health

**EU: 1223/2009. Art. 15 Nar. Parliament and the Council of the EU 95/2013**

The product complies with the EC Regulation No. 1223/2009 and is safe for human health

End of MSDS

## NATURALLYTHINKING LABORATORY TESTS

---

### Test for Efficacy of Antimicrobial Preservation

Conducted by Naturallythinking Labs, The Tamsgheds, Coomber Way, Croydon, Surrey, CR0 4TQ  
Report Date: 01/02/2013 | Reference: 5060233380978 - Moisture Cream

---

### What the test means

The Test for Efficacy of Antimicrobial Preservation demonstrates the effectiveness of a substance when used as a preservative within a cosmetic formula to stop the growth of such pathogenic organisms as *Aspergillus brasiliensis*, *Candida albicans*, *Pseudomonas aeruginosa*, *Escherichia coli* and *Staphylococcus aureus*.

---

**Customer:** Naturallythinking

**Sample Description:** Moisture Cream

**Test Performed:** Preservative Efficacy Test - Efficacy of Antimicrobial Preservation (BS EN ISO 11930:2012)

**Reference:** ISO11930

---

**Sample preparation:**

*Aspergillus brasiliensis*, *Candida albicans*, *E-Coli*, *Pseudomonas aeruginosa*, and *Staphylococcus aureus* were used to challenge the specimen for twenty-eight (28) days. Microorganism survival is monitored after seven (7), fourteen (14) and twenty-eight (28) days.
